SALE TIME: 12:00 noon,
Central Daylight Time
At the barn, directions below.

Dear Friends:

We extend a warm welcome to all of you for the Complete Herd Dispersal sale at Way-Co Farm, Columbia, Missouri, June 11, 1977.

A dispersion was a hard decision to make. Our cattle are like "dear friends" that have been a part of our life for 18 years. When you see the subdivisions and houses all around our barns and farmland, you will understand why it is impractical to continue on.

We think we have three outstanding herd sires, three sons of MANDALONG SUPER FLAG x. They work well on our KENMAR LEADER 21A x daughters and also the WAY-CO N LEADER x females. They will do the same for someone else.

Ours is a working group of females; they have been culled for producers each year. We can honestly recommend these cows; the calves are here to prove their worth. We started with cattle from the top herds of the U. S. and Canada and now have mostly a Way-Co herd to present to you.

We have been on performance test, winning the highest index award five times. We have received many trophies and plaques, and were the first to receive the Honesty Award presented by Hart Farm. For all of these, we say THANKS; we will cherish each of them.

We have made many new friends while in the Shorthorn business, and we hope you will continue to come by the farm and visit.

Please make your plans to be with us Friday evening, June 10th, for an informal gathering and enjoy some good Shorthorn beef barbecue and other refreshments, starting at 6 p.m. and eating at 7 p.m.

Thanks again and hope to see you June 10th and 11th, 1977.

Sincerely,

Fred + Mabel Coats

FROM ASA SALE MANAGEMENT

I view the Fred and Mabel Coats Way-Co Dispersion with mixed emotions.

As a Builder of the Breed and a friend of Short-horns everywhere, Fred will be sorely missed. With the help of his wife Mabel, Fred has put together an outstanding herd of cattle and won a host of friends.

The growth of the City of Columbia now makes it impossible to continue the herd at Way-Co Farm. The herd, now at optimum production, is in the best of health.

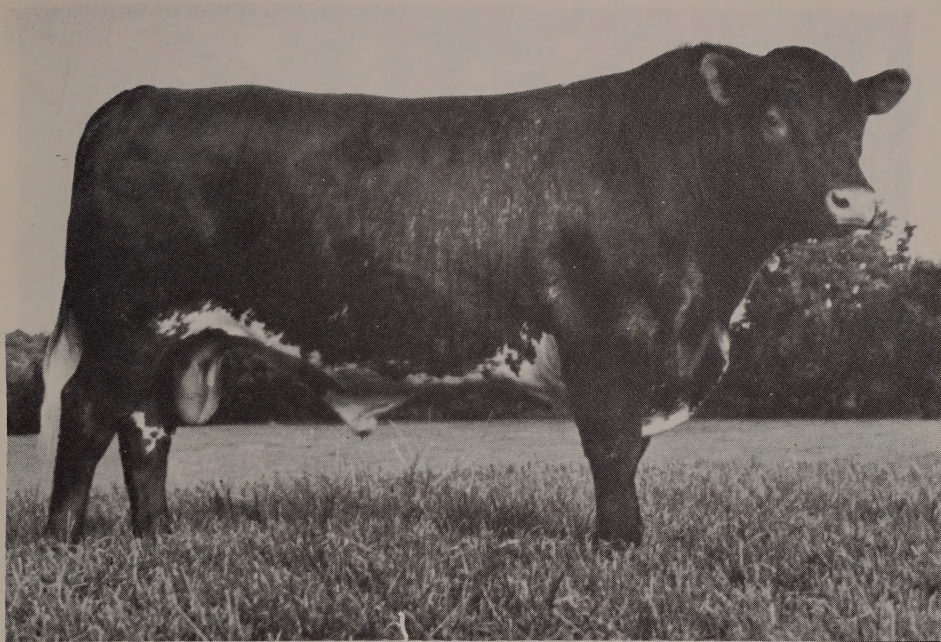

The use of KENMAR LEADER 21A x as well as three great sons of MANDALONG SUPER FLAG x whose get is making history the world over, has moved this herd of cattle forward in great strides. We compliment Fred and Mabel for their contributions to the breed.

Come and see the results of their efforts on June 11th. You'll be glad you did.
